'Personal' Weebly Website

You will be able to create your own personal website in this class. A website theme (idea) can fall into a number of different categories, from fan fiction, to 'my travels', to anti corruption, to 'my family'. However because this is a school sponsored website **_ALL_** website themes (idea) must first be approved by the teacher. Content placed on your 'personal' website will also need to follow with the appropriateness of a school setting, otherwise your 'page' or even entire site and all your work may be deleted. The reason for this is because the school is still in control of your website until the end of the course.
